

Workshop on Coastal Observation and Modeling Systems
September 8, 2020

Tom Shyka

Tom Shyka is the Product and Engagement Manager at NERACOOS where he works with a variety of NERACOOS end users to understand their information needs and translate them into products and services. He also coordinates the data management activities of the NERACOOS data providers and data assembly center to ensure that NERACOOS data is accessible.

In his previous roles, Tom led the Gulf of Maine Research Institute's Ocean Data Products team, served as the COO at GoMOOS (Gulf of Maine Ocean Observing System) and has also worked as an environmental consultant, a marine ecologist for NOAA's National Marine Sanctuary Program and as an environmental chemist. He received a BA in biology with a concentration in environmental science from Colby College and a MS in marine estuarine and environmental science from the University of Maryland. Tom was a recipient of a John A. Knauss Marine Policy Fellowship. In his spare time, you might find Tom observing the ocean from his paddle board.
